## Summary

I am a passionate tech enthusiast with a strong foundation in networking, cybersecurity, and web development. Currently pursuing Full Stack Web Development at Power Learn Africa, I combine my passion for technology with practical skills in creating responsive and user-friendly applications.

My journey in tech is driven by a desire to build innovative solutions that make a difference. With certifications in Cisco networking, cybersecurity, and AI & IoT, I bring a comprehensive understanding of modern technology landscapes. I am particularly focused on developing expertise in full-stack development while maintaining a strong foundation in networking and security principles.

## Objective

I seek challenging opportunities where I can fully use my skills for the success of the organization.

## Education

### Power learn project

2025

Fullstack web development

### Cisco

2024

Networking Essentials

### Ripambeta high school

2015

Grade 12
